## WKSA's Olympic-style Score System

Currently we are working on improving our tournament scoring system to model after the Olympic Figure Stating system. To facilitate the future Martial Arts "Olympics" that the Korean government is working diligently to achieve, we are implementing this change to our tournaments.

With a successful pilot trial at Midwest tournament, Kuk Sa Nim has approved the 3-phase program as follows:

1. Phase One: 4th Dahn and 3rd Dahn competitions in Hyung and Weapons divisions in both Houston and California.

2. Phase Two: All 2nd Dahn and above divisions (Hyung, Soo, Weapons, Breaking, and Sparring) by 2011 Houston tournament.

3. Phase Three: All colored belts and black belts divisions by 2012 Houston tournament.

Typical WKSA competition set-up in 1998 World Tournament

All WKSA tournaments will upgrade to this system of scoring, so we need all school owners to be informed. We will continue to

educate and train during our Continued Education Program (CEP) in next March.

## WKSA e-mail account & Forums

WKSA HQ is assigned every school owner an official email account. Please use this for ALL future correspondence with HQ. (see the next page for detailed instructions)

School Owners site will soon have Forums sec-

tion, where the school owners can communicate, share, and promote ideas to develop both in training and in business. We have many school owners with vast knowledge and information that is second to none, and everyone can benefit from

everyone's input. This is strictly for WKSA school owners, and it will have some basic set of rules to promote growth within the association. It should be ready to launch within a couple of weeks.
